

TEAMally

TEAMally is a community of allies for TEAMability. It's a community committed to advancing care for children and adults with complex disabilities through monthly giving.

Believe in our mission

In a world that sees disability, we choose to see ability.

We are a unique, successful, all-inclusive, joyful therapy TEAM. TEAMability's innovative approach combines the expertise of occupational, physical, and speech therapists with that of skilled special educators. Goals are integrated into enjoyable, meaningful, motivating activities that encourage exploration, experimentation and the discovery of ability. TEAMability's specialized, state-of-the-art environment promotes independent learning and active participation in life.

Rise to meet the need

TEAMability has experienced tremendous growth and ability to serve more patients, due to our move to The Multi-Assistance Center at Morgan's. Now, TEAMability can offer hope to more families. We have dramatically increased our physical and therapy capacity by moving to the new 10,000 square foot facility. *We have more than doubled our therapy staff, and our weekly patient load has increased 263%.* Our therapy services have grown from three-fold at The MAC.

While we celebrate our growth, we have not reached our service capacity. Our facility is built to accommodate nearly twice the therapy hours. The need is urgent; currently we have more than 100 families with a medical referral waiting for an opening. Our TEAMally community supports and sustains our growth and ability to serve our community into the future.

Support our vital impact

Due to our rapid growth, TEAMability will require a community of allies to take full advantage of our facility. TEAMally giving throughout the year will help us keep pace to meet the client demand and deliver TEAMability's superior model of care. We are creating a monthly giving community to sustain the vital assistance that TEAMability provides for our clients to have their best life.

Invest in TEAM care

Monthly gifts to TEAMability will be used to meet the unique challenges of individuals with complex disabilities and their families. Your gift will

- Sustain and expand our team of therapists and assistants.
- Sustain and expand our programs.
- Sustain and improve our clinical spaces.
- Sustain and improve the assistive technology and therapy tools we use.

Invest in TEAMability

- Successful proprietary TEAM model

- Increase in demand for our services
- High client satisfaction score
- 20 years of service to the community

Join TEAMally Monthly Giving

Be our ally and join our monthly giving community today!

- A recurring gift of \$150 pays for a specialized therapy session for a client every month.
- A gift of any amount is appreciated!

TEAMally Benefits

We will measure the impact of TEAMally monthly giving by sharing cutting-edge therapies and tools and their impact on patient ability - the triumphs for these individuals!

The TEAMally community will receive:

- Monthly communications specifically for our allies that go behind the scenes to see the 1-1 impact.
- Education about challenges that individuals with complex disabilities and their families face and how we seek to meet those challenges with TEAMally support.
- A thank you gift designed by the staff of TEAMability.
